

Monday night

Babe, I tell you - the Lord is so good to answer our prayers. Diane just called and you got back safe. This morning, it just came to me that you might get there on time cause you're an hour earlier. I'm glad you got there in time & safely. Lots of snow, huh? It's like a sheet of ice out here tonight. I dread driving to work tomorrow. All day long, I've been thinking about the good time I had with you this weekend. Nothing could compare to being with you. You are my love & my life. Tonight I helped my dad make soft water. It was fun and I learned something. I never really knew what the idea behind it was. Go ahead & laugh babe. I also re-sealed my boots real good. I cleaned them up from Friday, too. I watched T.V. most of the evening - my cold has me feeling pretty tired tonight. It's getting worse now but I'll probably feel better tomorrow. Everyone at work today said I looked really sad. As soon as they'd say that I'd feel the tears coming. I miss you more than I imagined I could, babe. I love you.

Heide loves this snow - she runs around in it and really gets into it. Tonight, when I let her in she brought a snow ball along. She was sad when I took it from her and threw it out. She's neat!

Well, now it's Tuesday. I just got home from work
It was a pretty good day. I got to spend a lot of time
with my patients. I feel a little better today - my
voice is going - but I don't feel real bad. Babe, I talked
about you so much today. You're my sweetheart!
The more I hear about other girls boyfriends, the more
I appreciate my man. I have it so good with you. I
enjoyed waking you up these 2 days. That was great!
I wish I could have crawled under the covers with you
It sure was tempting. I love when our bodies come together
It was the most beautiful thing on Thursday morning
when our bodies touched (bare skin to bare skin) after
being away from each other so long. Ahhh! I feel so
close to you - I love being close to you and sharing all
with you. I want to experience everything you do and
I want you to experience all that I do. I want to
share all my life with you, but at the same time -
I want you to feel a real freedom with me. That
you would never feel pressured by me or hindered in any
way. I never want to get in your way so you're not
free to do what you want, I always would want you
to let me know right away if I was doing that
cause most important to me is your happiness - in your
happiness, I am happy, really. I guess that sounds
strange to some people - that I'm completely happy.

knowing you are, but that's the way it is. You're such a big part of my life and I love it. I hope you don't feel threatened by ~~me~~ that when I say that.

Babe, I think so much of you. I respect + love everything about you. You're such a blessing to me. Just to see you is a joy. I knew this sounds like I'm madly in love with you - y'know - it's cause I am
MADLY IN LOVE WITH YOU HENRY!!

'But thou knowest me, O Lord

Thou seest me

And dost examine my heart's attitude
toward thee' Jer 12:3.

I think that's neat the way the Lord knows me so well, he knows my attitude. He's SO able to take care of me and my needs because He knows me (everything). How can I ever worry about work, my future, my needs - when He knows all? Should I not be able to completely trust Him to meet my needs? That's great! Not quite as much (in as big a way) - but you know me too - and knows a lot of my needs - you're sensitive to them all - I feel secure in your love and your knowing me too cause you want what's best for me. The Lord provided us for each other and I truly thank Him for that greatest gift. (you) you
