

Hi!

"The Lord Jehovah is my strength and
my song." — Isaiah 12:2

↑ He is!

Last day of January already. The sooner I'll be ^{1/31/79}
with you. Tonight at school, I'm in the nursery.
I had a real busy day at work today. I was working up
in ICU. Some pretty bad ones up there. But, really, I'm not
complaining cause it's my favorite place to work. The
nurses are very nice + helpful. They're real intelligent
also - impressive. Anyway, one of my pt's is 300 lbs. who had
a brain stem stroke (global) and they wanted percussion
every hour. To turn her - with all the tubes and just all
that dead weight was really a job. But it was neat working
with the nurses cause when I'd turn her, they could make
half her bed and wash her and then position her good.
I'm pleasantly tired now. I like being busy (it wasn't
the kind of busy where nothing works out).

Babe, you made my night last night and all day today
I'm so happy cause I got to talk with you last night!
Man, I realize just how very much I love you, when
